As mandated by the U.S. Constitution, America gets just one chance each decade to count its population.

The U.S. Census counts every resident in the United States. It is mandated by Article I, Section 2 of the Constitution and takes place every 10 (ten) years. The data collected by the decennial census determine the number of seats each state has in the U.S. House of Representatives (*a process called apportionment*) and is also used to distribute billions in federal funds to local communities.

The decennial census is the largest mobilization and operation conducted in the United States and requires years of research, planning and development of methods and infrastructure to ensure an accurate and complete count.

The next Census in 2020 will require counting an increasingly diverse and growing population of around 330 million people in more than 140 million housing units. To get an accurate count, the Census Bureau must build an accurate address list of every housing unit, maximize self-response to the census, and efficiently follow up with those who do not respond.

## United States Census 2020

The census asks questions of people in homes and group living situations, including how many people live or stay in each home, and the sex, age and race of each person. The goal of the 2020 Census is to count everyone once, only once and in the right place.

Federal funds, grants and support to states, counties and communities are based on population totals and breakdowns by sex, age, race and other factors. Our community benefits the most when the census counts everyone. When you respond to the census, you help our community get its fair share of the more than \$675 billion per year in federal funds spent on schools, hospitals, roads, public works and other vital programs.

Businesses use census data to decide where to build factories, offices and stores, and this creates jobs. Developers use the census to build new homes and revitalize old neighborhoods. Local governments use the census for public safety and emergency preparedness. Residents use the census to support community initiatives involving legislation, quality-of-life and consumer advocacy.

We look forward to the 2020 Census! Because of the potential benefits our community could receive, we encourage that you stand up and be counted!

## Approved City Budget - Fiscal Year 2019

The City Council scheduled public hearings on September 6<sup>th</sup> and 20<sup>th</sup> at 6:00 p.m. to adopt a budget for Fiscal Year 2019 (*October 1, 2018 – September 30, 2019*). The City's proposed general operating budget for FY2019 is \$28.9 million, which is \$2.173 million more than the Fiscal Year 2018 budget.

The increase is mostly due to an increase in interfund transfers into the Capital Project Funds. The proposed FY2019 budget includes funding to enhance Fire Rescue services, and Leisure Services activities and events.

### Allocation of the \$28.9 Million FY2019 Operating Budget

Palm Beach Sheriff's Office (PBSO)	\$10.4 Million
Fire Rescue Services	\$7.2 Million
Public Works	\$3.1 Million
Solid Waste Collection/Liability Insurance/Transfers	\$2.7 Million
Finance/Information Technology	\$1.6 Million
Engineering/Planning/Building	\$1.7 Million
Administration/other General Government	\$1.3 Million
Leisure Services	\$0.9 Million

The chart below shows four (4) examples of property values and how the City's millage rate of 6.400 mills affects each for Fiscal Year 2019.

	Condo Non-Homestead	Condo Homestead	Single Family Non-Homestead	Single Family Homestead
Assessed Value:	\$50,000	\$50,000	\$150,000	\$150,000
Less: Homestead Exemption	0	25,000	0	50,000
Taxable Amount	50,000	25,000	150,000	100,000
Total Millage	6.40	6.40	6.40	6.40
Total taxes paid to the City of Greenacres	<b>\$320</b>	<b>\$160</b>	<b>\$960</b>	<b>\$640</b>

(Property value – Homestead Exemptions = Taxable Amount / \$1,000 X Millage rate = taxes paid to City)

Each August, the Palm Beach County Property Appraiser's Office sends a Notice of Proposed Property Taxes to all property owners showing the taxable value of the property and the property tax information for all taxing authorities. Of the total property tax bill, the City's property tax portion represents approximately 27% with the remaining 73% going to the County, School District, and other independent taxing authorities.

The proposed City Budget is available on the City's website at <https://greenacresfl.gov/finance>.

Route Performance  
MAXIMIZATION

**RPM**

- IMPROVED TRAVEL TIMES • MORE DIRECT SERVICE
- BETTER CUSTOMER EXPERIENCE

**Palm Tran is the primary public transit operator of Palm Beach County.**

**To improve Palm Trans network to better meet the mobility needs of the growing population in the County, they have implemented a Route Performance Maximization (RPM) Initiative which will simplify routes and make service more direct.**

**Changes to routes are expected to begin on September 30, 2018. Riders will see improved evening and weekend service and have more convenient connections. There will also be WiFi available on fixed bus routes.**

**Routes in the City will not be reduced or eliminated. Two (2) routes will be extended as part of the RPM. Route 64 will be extended West to the Department of Welfare Office (WIC) and Route 63 will be extended North along Jog Road to Forest Hill Boulevard.**

# Pulsepoint

Imagine you and a loved one are at the local hardware store and the unthinkable happens. Your spouse suffers a Sudden Cardiac Arrest (SCA) and you call 911. Moreover, the supermarket next door has an AED, and there are persons within the shopping center who are trained in CPR and the use of an AED. However, none of them respond to help nor get the AED because they are not aware the event is happening. For every minute that goes by without CPR, your loved ones chance of survival decreases by 10%. Therefore, every second counts.

So how do you call 911, notify those CPR trained persons that a Sudden Cardiac Arrest victim needs their help, and where the nearest AED is? The answer is, PulsePoint Respond. The PulsePoint Respond App allows users who have been trained in CPR, and willing to assist in case of an emergency, to be simultaneously notified with the dispatch of emergency crews to the medical emergency. User notification only occurs after the 9-1-1 System has been activated and when they are within close proximity to the emergency.

The application also directs these citizen rescuers to the exact location of the closest publicly accessible AED. The City of Greenacres Fire Rescue has been using this system for more than three (3) months and is already realizing incredible benefits. Often, data on AED locations can be missing, inaccurate, or simply not detailed enough to make the devices easy to find in an emergency. That's where the PulsePoint AED App comes in.

PulsePoint AED lets you report and update AED locations so that emergency responders, including nearby citizens trained in CPR and off-duty professionals such as firefighters, police officers and nurses, can find an AED close to them when a cardiac emergency occurs. The AEDs that you locate and report using PulsePoint AED are also made available to local dispatchers in the emergency communication center, allowing them to direct callers to the nearby life-saving devices.

PulsePoint Respond and PulsePoint AED are powerful tools in our efforts to increase survival rates in the City of Greenacres - and both are completely free. As an added bonus, users can see important emergency activity in real time. These informational notifications provide an early and automatic heads-up to local threats such as wildland fires, flooding, vehicle accidents, and utility emergencies. Improving situational awareness with PulsePoint can help build safer, stronger, and more resilient communities. Will you join us and become a citizen hero? The life saved, could be your own. ## City Visioning & Strategic Action Plan

The City Council recently approved an agreement with Redevelopment Management Associates, LLC (RMA) to lead the City in the development of a City Vision and the creation of a Strategic Action Plan that will provide for economic and market analysis and brand development for the City.

Your input and participation are needed to ensure that we are creating a community where we all want to live, learn, work and play. As part of the process the City will be holding a public input session on October 13, 2018, from 10:00 a.m. - 2:00 p.m. at the Greenacres Community Center. We hope that you will participate in this very important process. Please mark your calendars!

## Little Free Library

Little Free Library is a nonprofit organization that inspires a love of reading, build communities, and sparks creativity by fostering neighborhood book exchanges around the world. Through Little Free Libraries, millions of books are exchanged each year, increasing access to books for readers of all ages and backgrounds.

The City of Greenacres is now a member of the Little Free Library exchange, and some of the Little Free Library locations can be found in the City at City Hall, Community Center, Fire Rescue Station 94-Jog Road, various City parks such as Samuel J. Ferreri Community Park, Rambo, Empire and Bowman Parks, and at Greenacres Elementary School. The City is also looking for stewards to volunteer to help keep the Little Free Libraries stocked with books. If interested, please contact our Leisure Services Department at 561-642-2180.

## Passport Application Acceptance Facility

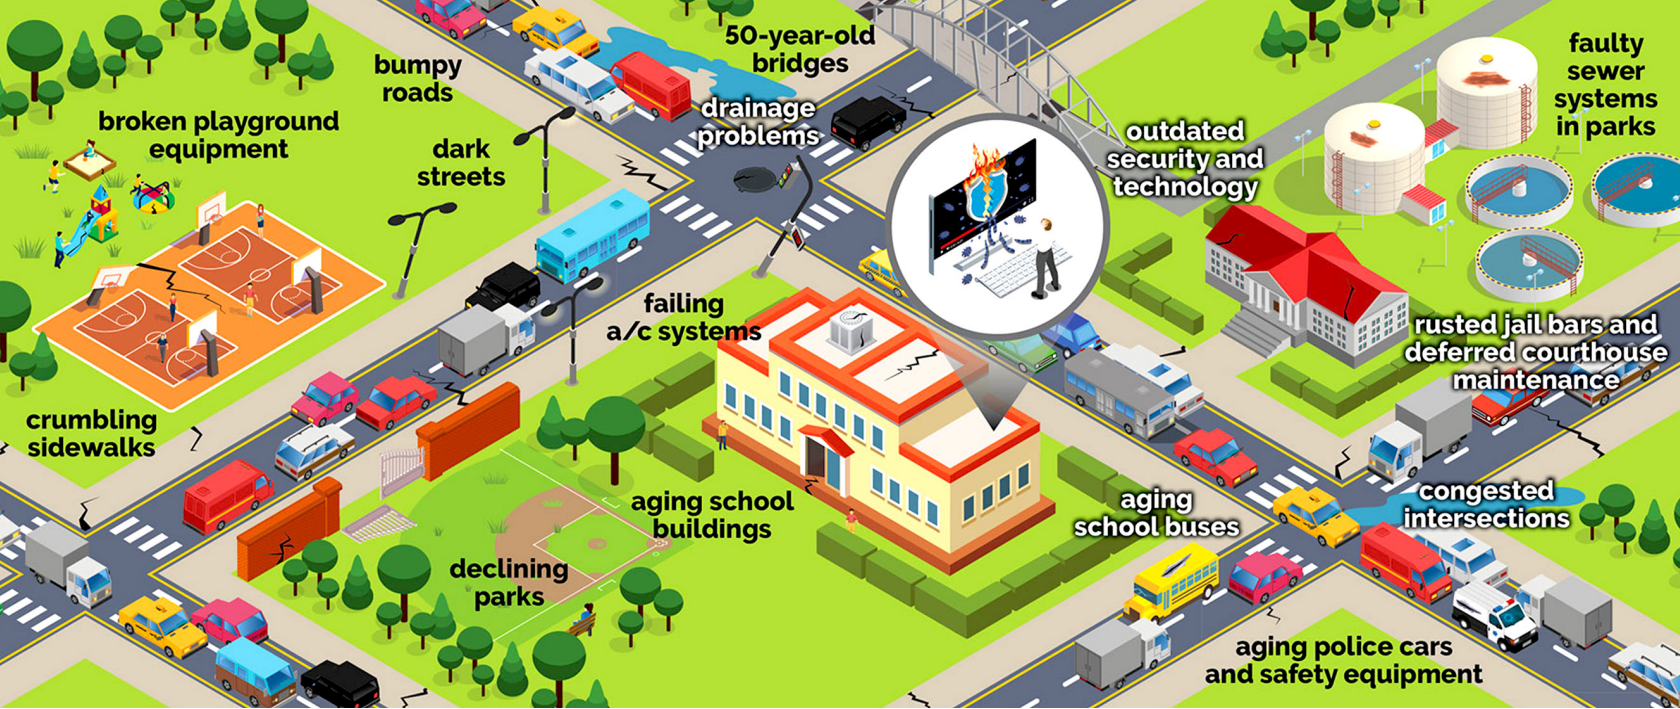

The City of Greenacres, in partnership with the U.S. Department of State, Passport Division, now offers a convenient location to apply for a U.S. Passport at City Hall.

The City began accepting Passport applications in March 2018. After construction was completed inside City Hall to provide a more customer friendly environment when submitting the applications, a ribbon cutting was held on July 2nd to officially open the new Passport Application Office. Several certified agents are available to assist with the application process and the City also provides photographs for an additional fee. Hours of operation are Monday through Friday 9:00 a.m. - 3:00 p.m., with the last application taken at 2:30 p.m. For additional information please visit us online at <https://greenacresfl.gov/administration/page/passport-acceptance-facility-city-hall>.

## Veteran's Day Tribute - City Hall Flagpole

The City is currently constructing a Veterans Plaza at City Hall. Please join the Mayor, City Council and staff on November 11, 2018, at 9:00 a.m. to dedicate our new Veterans Plaza and honor all those who have served and continue to serve our Country.

## One-Penny Surtax

In November 2016, Palm Beach County voters approved a One-Penny Sales Surtax to be used to fund infrastructure repairs, restorations and replacements, and maintain current levels of service in our School District, County and the City of Greenacres.

The City of Greenacres will receive an estimated \$23,000,000 over the ten-year period. To ensure that the City is being good stewards of these dollars the City Council felt it was important to fund projects that would not only aesthetically improve the City, but would also provide for projects that would enhance the quality of life for our residents. The City began budgeting projects in Fiscal Year 2017, and to date the following are some of the projects that have been completed:

CITY OF GREENACRES - SURTAX PROJECTS	
<b>FIRE RESCUE</b>	Replacement of a 16-year-old Fire Rescue ladder truck.
<b>YOUTH PROGRAMS BUS</b>	Replacement of a 25-year-old school bus in our Youth Programs Division with a 30-passenger bus.
<b>CITY PARKS</b>	Replacement of the play structures with the addition of a rubberized surface at Community Hall, Rambo Park, Bowman Park and Samuel J. Ferreri Community Park.
<b>OUTDOOR LIGHTING</b>	Upgraded outdoor lighting with LED light fixtures at the pathway of Bowman Park, parking lot lights at Fire Rescue Station 94/PBSO District 16, Fire Rescue Station 95 and Municipal Complex and pathway and parking lot lights at Veterans Park to increase visibility and provide safer conditions for drivers and pedestrians.

Upcoming projects to look out for this fiscal year:

UPCOMING SURTAX PROJECTS	
<b>SIDEWALK ENHANCEMENTS</b>	City-Wide Sidewalk Enhancements to complete missing segments and provide connections to allow for safe movement throughout the City.
<b>BANK STABILIZATION</b>	Bank stabilization of Gladiator Lake that will provide for stabilization of approximately 2,400 linear feet of lake bank that provides drainage for the residences in the Palm Beach Villas subdivision.
<b>CITY PARKS</b>	Replacement of the play structures with the addition of a rubberized surface at Freedom Park and Burrowing Owl Park.
<b>ENTRYWAY SIGNS</b>	City-wide entryway signs welcoming visitors to our community and establishing City boundaries.

Thank you for supporting these improvements to our City!

## Recycling

Recycling is easy in Palm Beach County. To ensure no contamination of your recyclable material, which could result in your recycling not being picked up, the following area accepted in the Blue and Yellow recycling bins:

### Yellow Bin

- Newspapers
- Magazines & Catalogs
- Unwanted Mail
- School & Office Papers
- Phone Books
- Paper Bags

- All Cardboard Boxes, includes cartons, tissue boxes, dry food boxes, and corrugated cardboard. Boxes must be flattened and cut to 3' x 3' maximum.
- Please place shredded paper in a brown paper bag, fold the top down to secure, and place in your Yellow Bin.

### Blue Bin

- Plastic Containers (#1 - #7)
- Steel Cans
- Aluminum Cans

- Drink Boxes
- Milk & Juice Cartons
- Glass Bottles & Jars

No Plastic Bags Please! While plastic bags do not go in either your yellow or blue recycling bin, many local grocery stores accept them for recycling.

### Prohibited Items

- Plastic Wrap
- Plastic Bags
- Needles or Sharps
- Styrofoam
- Food Waste

- Light bulbs, Mirrors, Glass Plates, or Vases
- Containers larger than 5 Gallons
- Plastic Furniture
- Ceramics
- Aluminum Foil or Pans

Recycling is available to all Palm Beach County residents. With your help, our County's recycling program is one of the best in the country. Thank you for continuing to recycle, because successful recycling requires the participation of our entire community.
