Palm Beach County Water Safe for Consumption

The City of Greenacres assures their residents and businesses there have been no adverse effects of its water due to the COVID-19.

Greenacres, FL on March 13th, 2020 – The [City of Greenacres'](http://www.cityofgreenacresfl.gov) Administration would like to reassure their residents and businesses that their drinking water is safe from contamination of the COVID-19 virus and that there is no limit to its supply.

“We would like to remind those in our city that our water is sourced from Palm Beach County Water Utilities Department (PBCWUD), which just announced and verified that their drinking water is safe from contamination of the COVID-19 virus. They also stated, PBCWUD customers will experience no shortage of potable water supplies should the spread of the illness further impact Palm Beach County”, shared Andrea

McCue, Greenacres City Manager. PBCWUD's Emergency Action Plan also provides adequate and continued staffing of facilities throughout any emergency situation.

Anyone wishing to learn more about COVID-19 and the drinking water supply are encouraged to visit the CDC's website at: [CDC.gov/coronavirus/2019-ncov/php/water.html](https://www.cdc.gov/coronavirus/2019-ncov/php/water.html) or by visiting the EPA's website at: [epa.gov/coronavirus](https://www.epa.gov/coronavirus).

###

About the City of Greenacres: Greenacres is a suburban city conveniently located in the heart of Palm Beach County, Florida just 5 miles from the Atlantic Ocean. It spans an approximate 6-mile radius and was originally incorporated in 1926. It is home to 14 city parks, 9 schools and numerous places of worship. The City's mission is to continually improve the quality of life by providing the best and most cost efficient public services and facilities. The current City Mayor is Mr. Joel Flores. City Hall is located at 5800 Melaleuca Lane, Greenacres, FL 33463.
